
**EXPORTER'S DIRECTORY
OF THE KINGDOM
OF BHUTAN**

3rd Edition 2004

Foreword

I am pleased that the Bhutan Export Promotion Centre of the Department of Trade, Ministry of Trade and Industry is issuing the Directory of Exporters (3rd edition). The Directory of Exporters' contains concise information on each exporter in Bhutan enabling buyers throughout the world to make contact with Bhutanese exporters.

Bhutan is currently embarking on a programme of trade liberalisation. The integration of Bhutan into the global trading system will open up opportunities for the introduction of Bhutanese products, hitherto unknown. From past experience, it could be seen that the obvious lack of information regarding Bhutanese exports in foreign markets leads to tremendous loss of orders from interested buyers. The Directory is an attempt to fill this gap.

It is hoped that by the publication and distribution of this Exporter's Directory, we will go some way towards offering a better service to foreign clients and enhancing the representation of Bhutan's exports. In order to maintain the spirit in which it was created, the Directory is being distributed free of cost to:

- A selected list of importers abroad;
- Bhutanese Embassies abroad;
- Various Chambers of Commerce & Trade Promotion Bodies; and
- Government Organizations

We look forward to ideas and suggestions that will help us to improve the contents of future editions.
